

Thank you for your interest in Capitol Christian Distribution. This document will provide you with important information regarding distribution opportunities with our company, and will explain how unsolicited materials are reviewed for possible distribution.

Capitol Christian Distribution provides worldwide physical and digital distribution to Capitol Christian Distribution's proprietary businesses and to independently-owned music, video, and book companies that enter into long-term exclusive distribution agreements with Capitol Christian Distribution. These are the **only** products we distribute.

If your product line has a track record of delivering at least \$250,000 annually in wholesale sales to domestic retail (including all physical and digital outlets), you may send a package directly to Capitol Christian Distribution for review to the following address:

Capitol Christian Distribution
Attn: Distribution Review
P.O. Box 5084
Brentwood, TN 37024-5084

Please include the following:

- Review copies and project summaries of each title
- An overview of your business, mission, and products
- SoundScan data and/or other sales reports for each title
- 12-month proposed release schedule.

If you are seeking distribution for fewer than five full-length recorded music or home video products, please do not send materials to our company, as they will not be reviewed. Instead, please visit the Gospel Music Association's website to request a Gospel Music Networking Guide. Their website is located at www.gospelmusic.org. This guide will give you names and contact information for several independent and onestop distributors specially equipped to meet your needs.

Thank you for considering Capitol Christian Distribution for your needs. May God bless you in your endeavors.

Sincerely,

Greg Bays
Senior Vice President, Sales & Marketing
